USVdemo²⁵

- Projects/scopes to demonstrate USV operability and capabilities.
- Scopes are real and clients need it executed.
- LARS and ROV ready for operation.
- Four categories:
 1. Within trade area 4
 2. Within trade area 5 (liten kystfart)
 3. Outside trade area 5 and outside offshore installation safety zones.
 4. Within offshore installation safety zones
- In-depth knowledge of USV Challenger.
- Insight into USV's "production line", incl. data acquisition.
- Share operational experience between partners.
- Opportunity to influence how and what to be demonstrated.
- Give input to the next USV.
